Availability of quality infrastructure is a pre-requisite to achieve broad based and inclusive growth of the Indian economy on a sustained basis.

There has been an increasing realisation and consequent engagement of the private sector in provisioning of infrastructure. This involvement has been necessitated on account of the need to bring in the efficiencies of the private and commercial enterprise as well as supplement the limited public sector resources vis-à-vis the requirements of bridging the infrastructure deficit.

Investment decisions in the infrastructure sector through private sector engagement remains a challenge, especially where there is lack of excludability. Infrastructure projects, often have high social but an unacceptable commercial rate of return. These are generally characterised by substantial investments, long gestation periods, fixed returns, etc. that make it essential that Government supports infrastructure financing, through appropriate financial instruments and incentives. Capital grant as an instrument of government support to make socially viable projects commercially viable through an efficient and transparent allocation basis is an accepted economic proposition.

With a view to support the infrastructure projects, the Scheme for Support to PPPs in Infrastructure (Viability Gap Funding Scheme) was announced in 2004 and the modalities to operationalise it put in place by 2005. The Scheme aims to ensure wide spread access to infrastructure provided through the PPP framework by subsidising the capital cost of their access. Meeting the funding gap to make economically essential projects commercially viable would obviate the need for Government funding for such projects and allow private sector participation in the projects, thus facilitating private sector efficiencies in infrastructure development.

The Scheme provides financial support in the form of grants, one time or deferred, to infrastructure projects undertaken through public private partnerships with a view to make them commercially viable. The Scheme provides total Viability Gap Funding up to twenty percent of the total project cost. The Government or statutory entity that owns the project may, if it so decides, provide additional grants out of its budget up to further twenty
The Guidelines for Financial Support to PPPs in Infrastructure were issued by Ministry of Finance in January 2006. The guidelines essentially flow from the provisions of the Scheme, approved by CCEA in 2005, and prescribe the procedure to be followed for posing proposals for seeking Viability Gap Funding for PPP projects.

Subsequently, recognising that the development of project documents is a detailed, complex and time consuming process, Ministry of Finance has issued guidelines to verify admissibility of the project under the Scheme. The Sponsoring Authority can seek preliminary ‘eligibility for consideration’ before posing the detailed project proposal for ‘in principle’ approval. Department of Economic Affairs would examine the ‘eligibility for consideration’ proforma and convey whether the proposal fulfils the requirements of the VGF Scheme and can be considered by the approval committee. This facility is optional and can be availed if necessary. Proposals can also be submitted directly for consideration by the approval committee for grant of Viability Grant Funding.

This compendium brings together the guidelines and notifications issued by Ministry of Finance to implement the Scheme. It is hoped that the compendium will be useful to the project authorities at the Central, State and Municipal level and will serve as a single point reference for the Scheme.

Guidelines for Financial Support to Public Private Partnerships in Infrastructure

Viability Gap Funding Scheme

1. Introduction

1.1 The Central Government has notified a Scheme for financial support to infrastructure projects that are to be undertaken through Public Private Partnerships (PPPs). A copy of the Scheme is at Annex-I.

1.2 The procedure to be followed for submission, appraisal and approval of financial support under this Scheme is specified below.

2. Institutional Structure

2.1 The institutional structure for appraisal and approval of financial support to PPPs is specified at Annex-II.

3. Applicability

3.1 These guidelines will apply to PPP projects posed by the Central Ministries, State Governments and Statutory Authorities, as the case may be, which own the underlying assets (see Rule 5.1).

3.2 Proposals to be made under this Scheme shall be considered for providing Viability Gap Funding (VGF), one time or deferred, with the objective of making a PPP project commercially viable (see definition).

3.3 The proposal shall relate to a Public Private Partnership project which is based on a contract or concession agreement between a Government or statutory entity on the one side and a private sector company on the other side, for delivering an infrastructure service on payment of user charges (see definition).

Note: The Guidelines for Financial Support to PPPs in Infrastructure were notified by Ministry of Finance, Department of Economic Affairs vide OM No. 1/4/2005-PPP dated January 23, 2006.
3.4 This Scheme will apply only if the contract/concession is awarded in favour of a private sector company in which 51 percent or more of the subscribed and paid up equity is owned and controlled by a private entity (see definition).

3.5 A private sector company shall be eligible for VGF only if it is selected on the basis of open competitive bidding and is responsible for financing, construction, maintenance and operation of the project during the concession period (see Rule 3.1).

3.6 The project should provide a service against payment of a pre-determined tariff or user charge (see Rule 3.1).

4. Appraisal and ‘In Principle’ Approval by Empowered Institution

4.1 The proposal for seeking clearance of the Empowered Institution shall be sent (in six copies, both in hard and soft form) to the PPP Cell of the Department of Economic Affairs in the format specified at Annex-III. The proposal should include copies of all project agreements (such as concession agreement, state support agreement, substitution agreement, escrow agreement, O&M agreement and shareholders’ agreement, as applicable) and the project report (see Rules 3.1 and 5.1).

4.2 The proposal will be circulated by the PPP Cell to all members of the Empowered Institution for their comments. All comments received within four weeks shall be forwarded by the PPP Cell to the concerned Administrative Ministry, State Government or statutory authority, as the case may be, for submitting a written response to each of the comments. In case the project is based on a model concession agreement, the comments will be furnished within two weeks (see Rules 5.2 and 5.4).

4.3 The proposal, along with the project report, concession agreement and supporting agreements/documents, together with the comments of the respective Ministries and the response thereto, will be submitted by the PPP Cell to the Empowered Institution for consideration and ‘in principle’ approval.

4.4 While submitting the proposal to the Empowered Institution, the PPP Cell will indicate whether the proposal conforms to the mandatory requirements of the Scheme. Deficiencies, if any, will be indicated in the note of PPP Cell. In particular, the Department of Economic Affairs and the Department of Expenditure will examine the proposals with a view to ensuring that they conform to the conditions specified in the Scheme. Planning Commission will examine the project report and the concession agreement with a view to ensuring that the proposal is broadly in order.

4.5 The Empowered Institution will either approve the proposal in principle (with or without modifications) or advise the concerned Ministry, State Government or statutory authority, as the case may be, to provide
additional clarifications/information or to make necessary changes for further consideration of the Empowered Institution (see Rule 5.3).

4.6 Approval under this Scheme will be for the purposes of this Scheme only. All other statutory, financial or administrative approvals shall be obtained as applicable (see Rule 5.6). For projects owned by the Central Government or its statutory entities, approval of PPPAC shall also be obtained in accordance with the guidelines issued by the Ministry of Finance. However, these approvals may be obtained simultaneously in order to save on time.

4.7 In cases where financial support is available from any other Ministry of the Central Government under an on-going Scheme for assistance to PPPs, the proposal would be sent to such Ministry for consideration. In case the Ministry recommends that the proposal be considered for additional assistance under this Scheme, the same shall be submitted to the Empowered Committee for consideration (see Rule 5.7).

4.8 Once cleared by the Empowered Institution, the project would be eligible for financial support under this Scheme.

5. Viability Gap Funding

5.1 The quantum of financial support (VGF) to be provided under this Scheme shall be in the form of a capital grant at the stage of project construction. The amount of VGF shall be equivalent to the lowest bid for capital subsidy, but subject to a maximum of 20 percent of the total project cost. In case the sponsoring Ministry/State Government/statutory entity proposes to provide any assistance over and above the said VGF, it shall be restricted to a further 20 percent of the total project cost (see Rule 4.1 and 4.2).

6. Invitation to Bid

6.1 Financial bids shall be invited by the concerned Ministry, State Government or statutory entity, as the case may be, for award of the project within four months of the approval of the Empowered Institution. This period may be extended by the Department of Economic Affairs, as necessary (see Rule 7.1).

6.2 The private sector company shall be selected through a transparent and open competitive bidding process. The criterion for bidding shall be the amount of VGF required by a private sector company where all other parameters are comparable (see Rule 6.1).

7. Final Approval by Empowered Institution

7.1 Within three months from the date of award, or such extended period as may be permitted, the Lead Financial Institution shall present its appraisal of the project (in six copies, both in hard and soft form) for consideration and approval of the Empowered Institution. The appraisal shall be accompanied by an updated application in the format specified at Annex-III along with the
project report and project agreements. The Lead Financial Institution shall verify the contents of the application and convey its recommendation to the Empowered Institution (see Rule 7.2).

7.2 Prior to final approval by the Empowered Institution, the Ministry, State Government or statutory authority, as the case may be, proposing the project, shall certify that the bidding process conforms to the provisions of this Scheme and that all the conditions specified in the Scheme have been complied with (see Rule 6.2).

7.3 The procedure specified in para 4 above shall be followed *mutatis mutandis* for examination and approval of the appraisal report of the Lead Financial Institution.

8. **Disbursement of VGF**

8.1 Prior to disbursement, the Empowered Institution, the Lead Financial Institution and the private sector company shall enter into a Tripartite Agreement in such format as may be prescribed by the Empowered Committee from time to time (see Rule 8.3).

8.2 For the purposes of this Scheme, a Lead Financial Institution shall be the Financial Institution (FI) that is funding the project, and in case of a consortium of FIs, the FI designated as such by the consortium shall be the Lead Financial Institution (see definition).

8.3 VGF shall be disbursed only after the private sector company has subscribed and expended the equity contribution required for the project and will be released in proportion to debt disbursements remaining to be disbursed thereafter (see Rule 8.1).

8.4 VGF shall be released to the Lead Financial Institution as and when due (see Rule 8.2).

9. **Monitoring**

9.1 The Lead Financial Institution shall be responsible for regular monitoring and periodic evaluation of project compliance with agreed milestones and performance levels, particularly for the purposes of disbursing the VGF. It shall also send a quarterly progress report to the Empowered Institution (see Rule 7.3).
Annex-I
Scheme for Support to Public Private Partnerships in Infrastructure

A. Whereas the Government of India recognises that there is significant deficit in the availability of physical infrastructure across different sectors and that this is hindering economic development;

B. Whereas the development of infrastructure requires large investments that cannot be undertaken out of public financing alone, and that in order to attract private capital as well as the techno-managerial efficiencies associated with it, the Government is committed to promoting Public Private Partnerships (PPPs) in infrastructure development; and

C. Whereas the Government of India recognises that infrastructure projects may not always be financially viable because of long gestation periods and limited financial returns, and that financial viability of such projects can be improved through Government support;

D. Now, therefore, the Government of India has decided to put into effect the following Scheme for providing financial support to bridge the viability gap of infrastructure projects undertaken through Public Private Partnerships.

1. Short Title and Extent

1. This Scheme will be called the Scheme for Financial Support to Public Private Partnerships (PPPs) in Infrastructure. It will be a Plan Scheme to be administered by the Ministry of Finance. Suitable budgetary provisions will be made in the Annual Plans on a year to year basis.

2. The Scheme shall come into force with immediate effect.

2. Definitions

In this Scheme, unless the context otherwise requires:

**Empowered Committee** means a Committee under the Chairmanship of Secretary (Economic Affairs) and including Secretary (Planning Commission),
Secretary (Expenditure) and the Secretary of the line ministry dealing with the subject.

Empowered Institution means an institution, company or inter-ministerial group designated by the Government for the purposes of this Scheme.

Lead Financial Institution means the financial institution (Fl) that is funding the PPP project, and in case there is a consortium of FIs, the Fl designated as such by the consortium.

Private Sector Company means a company in which 51 percent or more of the subscribed and paid up equity is owned and controlled by a private entity.

Project Term means the duration of the contract or concession agreement for the PPP project.

Public Private Partnership (PPP) Project means a project based on a contract or concession agreement, between a Government or statutory entity on the one side and a private sector company on the other side, for delivering an infrastructure service on payment of user charges.

Total Project Cost means the lower of the total capital cost of the PPP Project: (a) as estimated by the government/statutory entity that owns the project; (b) as sanctioned by the Lead Financial Institution; and (c) as actually expended; but does not in any case include the cost of land incurred by the government/statutory entity.

Viability Gap Funding or Grant means a grant one-time or deferred, provided under this Scheme with the objective of making a project commercially viable.

3. Eligibility

In order to be eligible for funding under this Scheme, a PPP project shall meet the following criteria:

i. The project shall be implemented i.e. developed, financed, constructed, maintained and operated for the Project Term by a Private Sector Company to be selected by the Government or a statutory entity through a process of open competitive bidding; provided that in case of railway projects that are not amenable to operation by a Private Sector Company, the Empowered Committee may relax this eligibility criterion.

ii. The PPP Project should be from one of the following sectors:
   a. Roads and bridges, railways, seaports, airports, inland waterways;
   b. Power;
   c. Urban transport, water supply, sewerage, solid waste management and other physical infrastructure in urban areas;
   d. Infrastructure projects in Special Economic Zones; and
e. International convention centres and other tourism infrastructure projects;

Provided that the Empowered Committee may, with approval of the Finance Minister, add or delete sectors/sub-sectors from the aforesaid list.

iii. The project should provide a service against payment of a predetermined tariff or user charge.

iv. The concerned Government/statutory entity should certify, with reasons:
   a. That the tariff/user charge cannot be increased to eliminate or reduce the viability gap of the PPP;
   b. That the project term cannot be increased for reducing the viability gap; and
   c. That the capital costs are reasonable and based on the standards and specifications normally applicable to such projects and that the capital costs cannot be further restricted for reducing the viability gap.

4. Government Support

1. The total Viability Gap Funding under this Scheme shall not exceed twenty percent of the Total Project Cost; provided that the Government or statutory entity that owns the project may, if it so decides, provide additional grants out of its budget, but not exceeding a further twenty percent of the Total Project Cost.

2. Viability Gap Funding under this Scheme will normally be in the form of a capital grant at the stage of project construction. Proposals for any other form of assistance may be considered by the Empowered Committee and sanctioned with the approval of the Finance Minister on a case-by-case basis.

3. Viability Gap Funding up to Rs. 100 crore (Rupees one hundred crore) for each project may be sanctioned by the Empowered Institution, subject to the budgetary ceilings indicated by the Finance Ministry. Proposals up to Rs. 200 crore (Rupees two hundred crore) may be sanctioned by the Empowered Committee, and amounts exceeding Rs. 200 crore may be sanctioned by the Empowered Committee with the approval of the Finance Minister.

4. Unless otherwise directed by the Ministry of Finance, the Empowered Institutions may approve project proposals with a cumulative capital outlay equivalent to ten times the budget provisions in the respective Annual Plan.

5. In the first two years of operation of the Scheme, projects meeting the eligibility criteria will be funded on a first come, first served basis. In later years, if need arises, funding may be provided based on an appropriate formula, to be determined by the Empowered Committee, that balances needs across sectors in a manner that would make broad base the sectoral coverage and avoid pre-empting of funds by a few large projects.
5. Approval of Project Proposals

1. Project proposals may be posed by a Government or statutory entity which owns the underlying assets. The proposals shall include the requisite information necessary for satisfying the eligibility criteria specified in paragraph 3 above.

2. Projects based on standardised/model documents duly approved by the respective Government would be preferred. Standalone documents may be subjected to detailed scrutiny by the Empowered Institution.

3. The Empowered Institution will consider the project proposals for Viability Gap Funding and may seek the required details for satisfying the eligibility criteria.

4. Within 30 days of receipt of a project proposal, duly completed as aforesaid, the Empowered Institution shall inform the sponsoring Government/statutory entity whether the project is eligible for financial assistance under this Scheme. In case the project is based on standalone documents (not being duly approved model/standard documents), the approval process may require an additional 60 (sixty) days.

5. In the event that the Empowered Institution needs any clarifications or instructions relating to the eligibility of a project, it may refer the case to the Empowered Committee for appropriate directions.

6. Notwithstanding the approvals granted under this Scheme, projects promoted by the Central Government or its statutory entities shall be approved and implemented in accordance with the procedures specified from time to time.

7. In cases where Viability Gap Funding is budgeted under any on-going Plan Scheme of the Central Government, the inter-se allocation between such on-going Scheme and this Scheme shall be determined by the Empowered Committee.

6. Procurement Process for PPP Projects

1. The Private Sector Company shall be selected through a transparent and open competitive bidding process. The criterion for bidding shall be the amount of Viability Gap Funding required by a Private Sector Company for implementing the project where all other parameters are comparable.

2. The Government or statutory entity proposing the project shall certify that the bidding process conforms to the provisions of this Scheme and convey the same to the Empowered Institution prior to disbursement of the Grant.

7. Appraisal and Monitoring by Lead Financial Institution

1. Within four months from the date on which eligibility of the project is conveyed by the Empowered Institution to the concerned Government/
statutory entity, the PPP project shall be awarded in accordance with paragraph 6 above; provided that upon application made to it by the concerned Government/statutory entity, the Empowered Institution may extend this period by not more that two months at a time.

2. The Lead Financial Institution shall, within three months from the date of bid award, present its appraisal of the project for the consideration and approval of the Empowered Institution; provided that upon application made to it by the concerned Government/statutory entity, the Empowered Institution may extend this period by not more than one month at a time.

3. The Lead Financial Institution shall be responsible for regular monitoring and periodic evaluation of project compliance with agreed milestones and performance levels, particularly for the purpose of disbursement of Viability Gap Funding. It shall send quarterly progress reports to the Empowered Institution which will make a consolidated progress report once every quarter for review by the Empowered Committee.

8. Disbursement of Grant

1. A Grant under this Scheme shall be disbursed only after the Private Sector Company has subscribed and expended the equity contribution required for the project and will be released in proportion to debt disbursements remaining to be disbursed thereafter.

2. The Empowered Institution will release the Grant to the Lead Financial Institution as and when due, and obtain reimbursement thereof from the Finance Ministry.

3. The Empowered Institution, the Lead Financial Institution and the Private Sector Company shall enter into a Tripartite Agreement for the purposes of this Scheme. The format of such Tripartite Agreement shall be prescribed by the Empowered Committee from time to time.

9. Revolving Fund

A revolving fund of Rs. 200 crore (Rupees two hundred crore) shall be provided by the Finance Ministry to the Empowered Institution. The Empowered Institution shall disburse funds to the respective lead financial Institutions and claim reimbursement thereof from the Ministry of Finance.

Guidelines for forwarding proposals to DEA to ascertain their eligibility under the Scheme

In continuation of the Notification of even number dated January 23, 2006, it may be noted that prior to making a formal request to the Empowered Institution under the Viability Gap Funding (VGF) Scheme of GoI, the Sponsoring Authority of a Public Private Partnership (PPP) project may if it so desires submit the project concept to the Department of Economic Affairs to ascertain the admissibility of a project under the VGF Scheme based on the mandatory conditions of the Scheme. The proposal in this regard may be submitted to the Department of Economic Affairs in the attached proforma. Within 7 (seven) working days of receipt of the duly filled proforma the Department of Economic Affairs would indicate to the Project Authority whether the project proposal could be posed for the consideration of the Empowered Institution. Such a proposal could be made in case a doubt exists regarding the admissibility of the project under the VGF Scheme. Upon receipt of the response from the Department of Economic Affairs, the Project Authority could then prepare the detailed project proposal and submit the proposal as per the prescribed proforma contained in Notification of even number dated January 23, 2006 along with the supporting documents for the consideration of the Empowered Institution.
